Dear Alyson,

Thank you for contacting the Town Council to share your concerns regarding the Town of Coventry's business development and services. We truly believe diversity of opinions matter. Here in the Town of Coventry we welcome and encourage young voices such as yours to come forward with such ideas and insight that will move the town in a more positive and developmental direction.

After reading your letter, I felt that you have made some valid points, which is why the Town Council has sent your letter to the Town's Economic Development Commission for review.

Again, thank you for taking the time to contact us. It has been our Council's goal to encourage and support business development while still maintaining the wholesome small town charm that the Town of Coventry strives to preserve. Please feel free to write again with any additional concerns you may have, or you can reach out to our Town Manager, John Elsesser, at jelsesser@coventryct.org or (860) 742-6324.

On behalf of the Town of Coventry's Town Council,

Sincerely,

A handwritten signature in cursive script that reads "Julie A. Blanchard".

Julie Blanchard, Chairwoman
Coventry Town Council
