Dear Dr. Petrone:

Subject: Application and Grant Commitment for a Proposed School Building Project

You have recently submitted a school construction grant application for a **Roof Replacement** project at **Coventry High School**. Effective **May 20, 2022**, should **Coventry** fully comply with all statutory and regulatory school construction procedures and policies, the State of Connecticut approves a grant commitment to reimburse the Town of Coventry **59.29 percent** of eligible final project costs as reported at the end of this project. To the extent that Coventry's cost projection of **\$5,498,448** accurately reflects final eligible project costs, you can forecast a state grant based on 59.29 percent of that figure. Said reimbursement is based upon your funding authorization date of **November 2, 2021**.

This project has been authorized as a Roof Replacement only. Costs outside the scope of this authorization shall be ineligible for reimbursement

The following identification number has been assigned and must be used on all subsequent submissions relating to this project:

**State Project No. 032-0064 RR**

**NOTE: This grant commitment is subject to plan approval.**

**This letter does not constitute approval for bid purposes.** Effective July 1, 2013, construction projects cannot go to bid until the Department of Administrative Services has approved the final plans and specifications for the projects and the district has received written notice of such approval. If the district requests state acceptance of *local plan review and approval*, the project cannot go to bid until the Department of Administrative Services has approved the local officials' certifications and you have received written notice of such approval.

Connecticut General Statute, Section 10-284(b) allows the Commissioner of Administrative Services to disapprove a project if construction has not started prior to **May 20, 2024**. Start of construction is defined in Section 10-282 (9) of the Connecticut General Statutes as “the date on which the general construction contract or the first phase thereof, purchase agreement or leasing agreement is signed by the authorized agent of the town or regional school district.”
