Hi Rick – Thank you for the update. I appreciate your offer to assist with the Zoning Regulation project for the Gateway node. I just put a spark back in that project in the last week. We have been working with a Zoning consultant (Tyche – who works for Tolland and Bolton) who assisted us when we did not have a ZEO, and she has been taking on some additional tasks, including assistance with the development of some concepts for the node. Tyche works for a number of different towns and can gather some templates/concepts that can serve as a starting point. I am developing a scope on this with Patrice. So, I think we will be back on task with this in the next month or two. It would be great if you were to join us as we progress with the project.

Thank you for your time and assistance while on the EDC – I look forward to continue to work with you as we take steps on the Gateway Node.

Hi Eric.

Since we will not be having a Gateway Subcommittee meeting tonight, I will not be in attendance.

Also, my term expires next week and I will not be renewing. However, I am interested and willing to volunteer to work on the Gateway zoning regulation project even after I am off the EDC. I am working only two days a week now and have more time for these types of limited volunteer assignments.
