

Progress! Onward to 2016!

Fantastic news, Market friends! At their July 20, 2015 meeting, the Coventry Town Council authorized the seed money we need to get started in earnest. This will allow us to demonstrate the serious intent we need to apply for grant funding! At this point we can definitely say the Market is a go! Thanks to all who attended the meeting to show your support. To see a presentation by the subcommittee to the Council, click [here](#).

In other news, the compilation of comments received at the Market goers and vendor public forums are now complete and available for viewing on the town's [webpage](#) dedicated to the 2016 Market.

Our [Facebook page](#) has shot past 1000 likes and climbing! Thanks to all who have visited and liked our page. Please consider suggesting that your Facebook friends like it, too.

The Market subcommittee is organizing a volunteer forum to be held in August to gain input from anyone who might like to assist with planning the 2016 Market. Watch our Facebook or webpage for further details to be announced.

Now that we have the financial support to continue the Market at Hale, the subcommittee will be moving forward to hire a Market Master for the 2016 Market and beyond. The goal is to have someone in place in early fall. Details to be announced.

The subcommittee has also begun efforts to create a web-based vendor survey to provide more opportunities for vendors to comment, for folks who could not attend the vendor forum. It will be available soon and will be announced on our Facebook and webpage.

We hope you are all as excited as we are that the 2016 Market is a reality! We look forward to the next few months as our hard work begins to come to fruition.
