MUNICIPAL ELECTION 2014:

The Municipal Election process began in April, 2014 when the Town Clerk submitted the “List of Offices to be Filled” to the Secretary of the State’s Office as required by CGS 9-254. Upon return receipt of the filing in May, letters were sent to the chairman of the town committee of each major party along with a copy of the list. The letter reminded the Chairman of the dates within which endorsements for municipal offices must be certified to the Town Clerk. Certifications of party endorsed candidates were received in July and the Town Clerk published legal notices of receipt of the party endorsements. On September 22nd the certification of the number of ballots to be ordered for the election for each district was sent to the Secretary of State. On September 17th, blank ballots were available with application for any registered elector temporarily living or traveling overseas and servicemen, spouses and dependents living within or outside the U.S. were mailed to the voter along with a list of offices and candidates. The layout of the ballot, and the ballot and supplies order was prepared by the Clerk and jointly approved with the Registrars of Voters for November’s election. After approval of the ballot by the Secretary of the State, 2,000 ballots for each polling place and 200 absentee ballots were ordered. The Clerk published the legal notice October 20th, 2014.

Boards and Commissions:

Schedule of Meetings Annual Notice: This notice is sent out to 43 active committees, boards and commissions, and respective town staff liaisons at the beginning of October, 2014. The packet contains information on the mandatory filing of each committee's schedule of meeting dates for the upcoming calendar year. Review of the Connecticut General Statutes pertaining to the public meetings and available meeting room locations were included in the packet as well.

Boards & Commissions Directory: The Town of Coventry is an active town with more than 25 elected or volunteer Boards & Commissions that hold regular meetings each month. It’s the duty of the Town Clerk’s Office to maintain the boards & commissions Directory so as to present up-to-date information to the Town Council Steering Committee. Many hours of staff time are required to keep the information current so that the essential business of the town may be conducted. The Town Council Steering Committee makes recommendations to the full Council from the requests that they receive from the registered voters of Coventry who wish to serve on a town board or commission. When a new member is appointed to a Board or Commission our office will send a letter to notify them that they were appointed along with the Town of Coventry’s “Code of Ethics”. We also notify the chairman of that committee of their new member. Directory is then updated.

When term dates of current members are due to expire, we send a form to be completed and returned to the Town Clerk requesting that he or she indicate their interest in reappointment. The Statement of Interest form is then forwarded to the Town Council Steering Committee for them to be recommended for reappointment. If the member is not interested in reappointment we open that space to a vacancy to search for a new member. Our office keeps an up to date listing of vacancies on our webpage.

We posts Agendas & Minutes to our website as a public service for our community. All Agendas & Minutes are posted in the Town Clerk’s Office per statute. We post agenda for 11 active Boards & Commissions. Other remaining Boards & Commissions have affiliations with town Departments. These departments post their respective boards on the website.

*Public Act 05-228, which became effective October 1, 2005, required the Town Clerk to collect an additional $30 fee for each document recorded in the town’s land records. The State of Connecticut received $26 of this fee to fund affordable housing development and farmland, open space and historic preservation. The town kept the remaining $4, of which $3 must be used by the town to pay for local capital improvement projects, as defined in Sec. 7-536 of the Connecticut General Statutes. On June 30, 2009, Governor Rell signed Public Act 09-229 into law. Effective July 1, 2009 the legislation required an additional $10 fee for the first page of land recordings. That $10 fee is collected, combined and reported with Public Act 05-228 and remitted to the State. PA 11-201 made changes to foreclosure laws. The act requires anyone commencing foreclosure action to register the subject property with the town clerk and pay a “land record filing fee” of $53. However, the registration document is not recorded or scanned into the land records but is maintained in a separate file. Prior law required a filing fee of $100 be paid to the municipality but now $36 of the reduced filing fee is combined and reported with Public Act 09-229 and is remitted to the State of Connecticut. PA 13-247 became effective July 13, 2013. The public act alters the fee structure for Mortgage Electronic Registration System (MERS) documents recorded from the effective date forward. Filing certain MERS documents requires that $127, or for others $110, of the filing fees be remitted to the State of Connecticut. Monthly these fees are collected, combined and remitted with three respective reports to the State of Connecticut. This fiscal year, the Clerk’s office has collected $132,276 of which $121,898 was disbursed to the State.

**Public Act 00-146, effective July 1, 2000, this Public Act requires the Town Clerk to receive a fee of $3 for each document that is recorded in the town’s land records. Two-thirds of the fees ($2 of every $3) collected during the previous calendar month are forwarded to the State Treasurer for deposit in the historic documents preservation account. One dollar of the fees is retained by the Town Clerk for preservation and management of historic records. These funds may not be used to supplant budgeted funds. This fiscal year $6,051 was collected of which $2,037 was retained by the clerk’s office for historic preservation.
PA 14-88 - 4 LAND-USE RESTRICTIONS ON LAND RECORDS (effective upon passage): By law, land-use restrictions are recorded on land records, which town clerks maintain. They are often recorded after a property has been remediated and the Environmental Protection (DEEP). A new law allows property owners remediating property under the Transfer Act to submit to DEEP an interim verification concerning a property's conditions, not just a final verification as under prior law. Under the new law, a party submitting an interim verification on or before December 31, 2014 does not have to record an environmental land use restriction until September 1, 2015 necessary verification submitted to the DEEP.

PA 14-146 VALIDATION OF CERTAIN MARRIAGE LICENSES (effective on passage): As the registrars of vital statistics, town clerks register and maintain marriage records. A new law validates marriages performed between June 7, 2006 and the law's passage that would have been valid except that:
1. the marriage license was issued in a town (a) other than the town where the ceremony was held or (b) where neither of the celebrants resided when they filed their license application or
2. the justice of the peace who performed the ceremony did not have a valid certificate but represented himself or herself as qualified and the marrying couple reasonably relied on that representation.

PA 14-33-6 490 PROGRAM DEADLINE FOR FILING WITH TOWN CLERKS (effective October 1, 2014 and applicable to assessment years starting on or after that date). A new law makes procedural changes to the “490 program,” in which eligible farm, forest, open space, and maritime heritage land is assessed for property tax purposes based on its current use, rather than its full market value. Prior law required tax assessors to annually, by November 30, file with the town clerk a certificate for any land classified under the 490 program. The act extends this deadline to January 31 for any year in which a revaluation of all real property becomes effective.

SB 1051 AN ACT STRENGTHENING THE STATE'S ELECTIONS SA 15-4 MUNICIPAL CAMPAIGN FINANCE FILINGS (effective on passage): A special act authorizes the State Election Enforcement Commission (SEEC), within available appropriations, to establish a pilot program to assist town clerks in up to 20 municipalities with their campaign finance filing duties. Each participating municipality must implement a plan, which SEEC designs, to transfer some or all of the town clerk’s filing repository duties to the commission. The act also requires SEEC to conduct a study, within available appropriations, on the efficiency of transferring town clerk’s filing repository duties to the commission. The pilot program terminates on April 6, 2018.

PA 15-224-11-12 MAJOR PARTY MUNICIPAL OFFICE ENDORSEMENTS (effective January 1, 2016): A new law requires major parties to include the signatures of candidates they endorse to run in a primary for municipal office the certificates they file with the town clerk. Existing law establishes the signature requirement for (1) major party legislative and statewide office candidates and (2) minor party nominations of municipal, legislative, and statewide office candidates. The new law also eliminates the requirement that major parties file endorsement certificates for registrars of voters with town clerks. It instead requires that they file endorsements for all municipal office candidates elected at a state election with the secretary of the state. Thus, in state election years, town clerks must publish notice indicating that the list of endorsed candidates will be available in the secretary’s office, not in the clerk’s office as under prior law.
PA 15-224 21-27 ELECTION RETURNS (effective upon passage): The legislature changed several deadlines associated with canvassing election returns and submitting the official results to the Secretary of the State. Under existing law, moderators, town clerks, and registrars in towns divided into voting districts must meet to identify any errors in the election night returns previously submitted to the secretary. The act requires these officials to meet no later than 9:00 a.m. on the third day, rather than seven days, after a regular state election to identify any errors. Moderators must correct any errors and file an amended return with the secretary and registrars no later than 1:00 p.m. on the third day, rather than 14 days, after the election.

PA 15-5 June Special Session, 434 REGIONAL ELECTION MONITORS (effective upon passage): A new law establishes a “regional election monitor” within each of the state’s nine planning regions to represent, consult with, and act on the Secretary of the state’s behalf before and during each election, primary, recanvas, and audit. It (1) specifies that the monitors are not state employees and (2) requires the secretary of the state to certify them. Existing law authorizes each planning region’s regional council of Governments t determine the services it will provide its member municipalities. The act creates an exception to this authorization and requires them to provide the monitor-related services it prescribes. Specifically, the act requires each COG, by March 1 annually, to (1) contract with an individual to serve as the monitor for that planning region and (2) enter into a memorandum of understanding with the secretary of the state about the monitor.

PA 15-224 17 BALLOT CLERKS (effective upon passage): The legislature allowed U.S. citizens age 16 or 17 to be appointed as ballot clerks after (1) attending poll worker training and (2) receiving written permission from a parent or guardian, or in some cases, school principal. Existing law allows them to also be appointed as checkers, translators, or voting tabulator tenders after satisfying these two requirements.

Pa 15-224 1-2, 4-5 CERTIFICATION, REMOVAL, and TEMPORARY RELIEF OF DUTIES (effective upon passage): A new law requires that registrars of voters be certified and establishes a formal process for removing them from office. Under this process, the secretary of the state can seek removal by filing a statement with SEEC if, in her opinion, a registrar engaged in misconduct, willful and material neglect of duty, or incompetence in office. The registrar is entitled to a full hearing in Superior Court. The law also authorizes the secretary to temporarily relieve the duties of the registrar who (1) fails to earn or maintain certification or (2) is the subject of an investigation resulting from a statement the secretary files with State Election Enforcement Committee (SEEC).

Registrars are required by the General Statutes of Connecticut to conduct an annual canvass of electors between January 1 and May 1. If we receive notice an elector has moved, he/she will receive a notice at his/her place of residence. If the notice is not returned by June 1 and the elector cannot be reached, he/she will be placed on the inactive list.

Special enrollment sessions are held in the summer and the fall as required by law. An additional session is held at the high school for students who are 17 and will be 18 by the November election. Residents can register to vote in the Registrar’s office during posted hours, online at the www.sots.ct.gov, at the Town Clerk’s Office during regular office hours, by mail, at the Library, when renewing a driver’s license, or in any Town Hall in the State of Connecticut.
