Please see the attached email from Mira Picchioni of the DPH in regard to the existing well, Mira has approved the well location for reuse. I hope that the attached memo is sufficient for use at the continuation of the Inland Wetland hearing on the 27<sup>th</sup>. As I mentioned in an earlier email, Mike Sherman has responded to Glen Bagdoian's March 31 comment letter, and we hope that our responses to the Town staff review are adequate for the Inland Wetland Agency to close the hearing on the 27, and perhaps make a motion.

Thanks,  
Phil Doyle

Hi Phil,  
Was very good to meet you in person. Thank you for emailing the site plan to me. As I mentioned in the field today, the proposed well site location complies with state regulations. I will prepare the well site suitability certificate and hope to get it back to you next week.  
In meantime, if you have any questions, please let me know.

Thank you  
Sincerely,  
mira

Mira, thank you for meeting with me and Glen Bagdoian at the property, earlier today. I am attaching the site utility plan we used in the field today. The plan attached should have been enclosed in the filing for well location application made recently. Again, thank you very much for your guidance and assistance; I look forward to your email.

Phil Doyle
