2102 POLICE OPERATIONS

PROGRAM DESCRIPTION

Field officers provide 24 hour-a-day coverage for frequent and conspicuous patrol, investigation of criminal complaints, preserving the public peace, protecting life and property, investigating traffic accidents, enforcing traffic and parking regulations, and federal, state and local laws. In addition, officers maintain extra observation of areas and conditions which have generated citizen complaints or concerns. Field units respond to and render necessary assistance at medical emergencies, fire-related calls and roadway hazards.

Field units conduct preliminary and follow up investigations of criminal activity and collect evidence, interview witnesses and suspects in order to successfully conclude the investigation. A police detective conducts follow-up investigations of felonious crimes and those of a particularly serious nature. The detective collects intelligence information regarding criminal activity including narcotics related offenses and conducts the necessary follow-up. The detective also coordinates with other state and federal law enforcement agencies to bring cases to a successful conclusion, as well as fulfilling duties as property and evidence officer to ensure the chain of custody and proper handling and testing of forensic evidence.

In addition to the above duties, patrol supervisors give guidance and support to officers, make assignments of field personnel to ensure adequate staffing levels, consult with officers regarding case assignments and follow up, take and process complaints against personnel, conduct performance evaluations, and ensure adequate discipline and training.

PROGRAM COMMENTARY

There are at least two patrol officers on duty at all times. The department uses a 10-hour shift schedule for patrol officers in order to provide additional coverage during times of frequent activity. Overtime funds are used to fill shifts when necessary. The department participates with other municipal police departments in the region in service sharing agreements. Through these agreements, the agency conducts a variety of traffic enforcement efforts including sobriety checkpoints, targeted enforcement for hazardous violations and commercial truck inspection checkpoints. Additionally, the department participates in a regional crash investigation unit for serious investigations. Through these agreements, we are able to maximize our traffic enforcement effectiveness as well as take advantage of grant funding for such regional efforts. The department has been consistently recognized for its traffic safety programs. The agency also participates in the Capital Region Emergency Services Team (CREST) and has one officer assigned in a tactical role and another assigned as a negotiator, both on as-needed basis.

2207 JOINT FIRE/EMS BUDGET

PROGRAM DESCRIPTION

The joint fire budget manages the day to day operations of the fire service for our Town. This account covers service contracts, including Tolland County Mutual Aid Fire Service, for dispatching our resources as well as the medical exams and physicals that our firefighters must go through before engaging in active duty. These expenses are intended to benefit all of the firefighters and ultimately the town's people.

Administrative costs, training, equipment repairs, apparatus repairs, safety clothing and equipment purchases are some of the larger ticket items within this account. We make a concerted effort to work with other municipalities when making large dollar purchases seeking to take advantage of volume discounts.

PROGRAM COMMENTARY

The Town provides benefits for volunteers as a part of recruitment and retention. In today's society, volunteers are a rare breed and we are proud of those who have chosen to serve our community. There is an annual, per call stipend program. The activity level of the volunteer will determine their benefit.

The Length of Service Awards program, which is designed to promote longevity of trained volunteers and recognize the value of their service, provides members with a monthly benefit after qualifying years of service.

2301 EMERGENCY MANAGEMENT

PROGRAM DESCRIPTION

The Emergency Management Director (EMD) is responsible for maintaining the town's Emergency Operations Plan. The EMD is responsible for coordination of all local emergency services, as well as other municipal departments including the School Board. The EMD serves as liaison to all State and Federal agencies in case of a major disaster or natural emergencies. Other duties include the maintenance and operation of the Town's Emergency Operations Center as well as site management of the Town's radio and communications equipment.

This funding is for equipment repairs, meals during times of activation, electric, heating fuel, and sewer fees.

PROGRAM COMMENTARY

All service contracts for radio repair and site management of the Town's radio tower are offset by the rental income received from two cellular phone providers with additional funds used for radio upgrades and enhancements.

An Emergency Management Performance Grant (EMPG) is used to offset the salary of the Emergency Management Director.

2401 ANIMAL CONTROL

PROGRAM DESCRIPTION

Under the supervision of the Chief of Police, it is the responsibility of the Community Service Officer (CSO) to handle all animal-related complaints in the community. During the times when the Community Service Officer is not on duty, field patrol officers often perform these duties. This includes the transportation and care of impounded animals and proper disposal of dead animals found on the roadways. Whenever possible, impounded dogs are found proper homes. Funds required to fund this activity are received, in part, from fees collected by the animal control Officer and half of the license fees collected by the Town Clerk. In addition to animal control duties, the CSO performs a variety of other duties including applicant fingerprints, assisting with traffic duties, taking reports of non-serious matters and assisting with dispatch.

PROGRAM COMMENTARY

The budget anticipates continuing our agreement with the Town of Vernon to provide kennel services. The total budget is reduced by income from dog licenses and survey fees. In order to free up valuable patrol time and to provide increased services to the public, the job description of the Animal Control Officer was changed to Community Service Officer. Duties were expanded to include fingerprinting, taking reports on minor incidents, assisting with vehicle lock-outs, and other non-law enforcement duties that had previously been performed by sworn officers. In addition, the Community Service Officer assists the Planning & Zoning department with investigations on matters covered under the blight ordinance.
